

Luigui Gallardo-Becerra

Bioinformatician and Data Scientist

*Ph.D. candidate passionate about science and technology,
looking for new challenges to apply and expand my
abilities in Data Science and Bioinformatics.*

About me

- As a graduate researcher, I participated in different projects using modern genomic technologies and Data Science applied to biological data to obtain novel information.
- Recently finished Google's "Data Analytics Professional Certificate", and Codecademy's "Data Scientist: Machine Learning Specialization".

Experience

2016- **Graduate Student Researcher**, *Institute of Biotechnology, National Autonomous University of Mexico.*
Current

I was part of different research projects. From the beginning, obtaining or creating the raw data, to the final report or publication. The tasks that I carried out includes the following:

- Manage research project: creation of main and secondary objectives/research questions.
- Server management: installation of Linux operative system, installation of specific software, avoid server slowdowns, and built secure server environments.
- Creation of pipelines: using bash, python, Snakemake, and Rabix Composer, creating pipelines to avoid repetitive workflows and make reproducible analysis.
- Software development: using bash, python, Perl, and R, developing several software tools to solve achieve specific goals.
- Creation of plots: using R, Rstudio, Jupyter Notebooks, Excel, Graphpad, and Tableau.
- Maintenance of GitHub account: creation and maintenance of repositories on GitHub.
- Creation of reports/publication: using Markdown and Word, I delivered weekly and biannual reports to the members of the Laboratory. Also, I co-authored peer-reviewed publications that are highly cited in their respective areas.
- Presentations to the general public and academic events: participate in scientific dissemination, and specialized seminars and congress.

Education

2019- **Ph.D.**, *Institute of Biotechnology, National Autonomous University of Mexico*,
Current Cuernavaca, Mexico.

2016-2019 **Master of Science**, *Institute of Biotechnology, National Autonomous University of Mexico*, Cuernavaca, Mexico.

2012-2016 **Bachelor of Biology**, *University of Guadalajara*, Guadalajara, Mexico.

Programing Languages and Tools:

- Python
- R
- Bash
- SQL
- Perl
- Git
- Google BigQuery
- Tableau
- Docker
- Snakemake
- Jupyter Notebooks
- Rstudio

Languages

- English – Full professional proficiency
- Spanish – Native

Publications

1. Ochoa-Romo, J. P., Cornejo-Granados, F., Lopez-Zavala, A. A., Viana, M. T., Sánchez, F., Gallardo-Becerra, L., Luque-Villegas, M., Valdez-López, Y., Sotelo-Mundo, R. R., Cota-Huizar, A., López-Munguía, A., & Ochoa-Leyva, A. (2022). Agavin induces beneficial microbes in the shrimp microbiota under farming conditions. *Scientific Reports*, 12(1, 1), 6392. <https://doi.org/10.1038/s41598-022-10442-2>

Certifications and Awards

- Google Data Analytics Specialization - 2022
- Data Scientist: Machine Learning Specialization, Codecademy - 2021
- Honorific mention in Bachelor Degree - 2017
- First place in the XVI State Contest of Physics Apparatus and Experiments - 2011
- Honorable mention in ExpoCiencias Nacional, Tlaxcala 2010 with science dissemination project - 2010
- Second place in the State Competition of the XXIII Mexican Mathematics Olympiad - 2010
- Third place in the XIX University Olympiad of Mathematics - 2009
- Second place in the State Competition of the XXI University Olympiad of Mathematics - 2009

Skills

- I am a fast learner and could quickly adapt to new technologies.
- If I don't know something, I always search for a way to learn it.
- I possess excellent problem-solving capabilities.
- I can manage a significant workload or several projects from different areas without losing track of them.
